Yes, I know it's a bit odd to be sending out a 2nd newsletter in March but I felt you guys deserved it seeing as January and February passed me by so entirely.

Dare I say it? Is spring finally here? We had 5 minutes of sunshine this week and suddenly everyone has got a smile on their faces. Well we're feeling very optimistic at The Blue Duck Gallery and we've got gorgeous spring colours all over the place and more to come.

As well as fabulous new Linum cushions and tableware we've also got some wonderful new deckchairs and bunting arriving

from Deckchair Stripes. They won't be exactly like the chairs below but they will be just as gorgeous and bright, will make a wonderful addition to the garden and will get spring off to a big bang!

We just received some beautiful new "Target" jewellery from Kokkino in fabulous colours, including aqua, grass green and raspberry pink and local designer Wendy Penrose has brought in some of her stunning sea-themed precious metal clay jewellery. Her collection includes freshwater pearls with silver clams, starfish, conches and lovely glass fish. The designs are inspired, very elegant and great to wear.

I don't know about you but almost every member of my family has a birthday in the first 4 months of the year. What with Easter and birthdays every other week I'm always looking for inspiration for different presents. This Easter instead of chocolate for the kids why not have a look at our bright and beautiful crockery, cutlery and egg cup sets? Prices start at £10 and unless the little angels actually try to eat them they shouldn't have too detrimental an effect on their teeth or energy levels.

For adults we're doing a roaring trade in our new selection of smelly candles. I know that when The Pier closed down some of you went into decline. Well fear not, The Blue Duck Gallery has come to the rescue with smelly candles galore and they are extremely yummy. With flavours such as Blackcurrant & Liquorice, Raspberry & Quince and Tomato & Blackcurrant they smell good enough to eat! They do actually release their perfume when they are lit, unlike many cheap candles, and the coloured ones become rather beautiful works of art while they are burning, as you can see by the Vanilla & Orange flavour burning in the gallery window. They are even a great price - between £4.50 & £8.50.

Before I sign off I'd just like to say that the end of March 2010 marks the end of my 5th year in business. Yup, The Blue Duck Gallery is 5 years old and is going from strength to strength. Despite all the doom and gloom of the past year we have battled through and have gone on to have the most successful year we've ever had. We're absolutely delighted and hope to be around for the next 5 years, growing and getting better and better. Thank you so much for all your support. You guys have made us what we are and we cannot tell you how much we appreciate your support. Thank you, thank you!!
